Offense

- *Sliding*: A runner is out when the runner does not slide or attempt to get legally around a fielder that either has the ball and is waiting to make the tag, or in the umpire's opinion, about to receive the ball in order to make a tag. [Rule 7.08(a)(3) and LR] A runner is out when the runner slides head first while advancing, but is not out if sliding head first back to a base he has already occupied. [7.08(a)(4)]
- *Dropped 3rd Strike*: A runner may advance on a 3rd strike not caught in flight by the catcher provided there are less than two out and first base is unoccupied. On a dropped third strike with less than two out and first base occupied, the batter is automatically out and baserunners may advance at their own risk. It is not a force play. With two out, it is a force play for the following situations: man on 1st; men on 1st & 2nd, bases loaded) [6.05b]
- *Overrunning First*: A batter who overruns first base and turns into the field of play instead of away, is not automatically out if tagged. It is up to the umpire to decide if the player was making an attempt to advance to second base [7.08c]
- *Batter hit on hands*: A batter hit by a pitch on the hands is awarded first base as he would be if it struck any other part of his body. It is only a foul ball if the batter attempts to swing at the pitch or his hands were in the strike zone. [2.00e]
- *Throwing bat*: If a batter throws the bat in a manner deemed dangerous by the umpire, that batter shall not be called out but shall be given a warning to cease such bat throwing. The umpire shall also give a warning to that batter's entire team upon this first infraction. However, for the remainder of that game, any batter from that same team that throws a bat deemed dangerous by the umpire shall be called out. [LR]
- *Arriving Late / Leaving Early*: Any player leaving a game after the first pitch shall not be recorded as an out when his spot comes up in the batting order. If this player returns, he is inserted into his original spot in the batting order without penalty. [Rule 4.04 Note 2]
- *Injured Player*: If a player is injured in the field, and is due up to bat in the following inning, his spot is skipped over without penalty. However, if the injury occurs during that player's at bat, then the player who made the last out will bat for the injured player assuming the count when the original batter was injured. [LR] If a player is injured while on the base paths, the player who made the last out shall replace the injured player. [LR]
- ***Courtesy Runner*: No courtesy runners are allowed (except for injured players).**

Offense (Cont'd)

- *Runner Leaving Early*: A baserunner attempting to steal a base before the ball has crossed the plate will be sent back to his base and incur a warning from the umpire. Thereafter, any baserunner from the offending team will be called out for the same violation. (The opposing coach may instead choose the result of the play). The same applies to a baserunner illegally leading off).

Defense

- 9 defensive players. [Rule 1.01]
- If a defensive player blocks a base or base line clearly without possession of the ball, obstruction shall be called. The runner is safe and a delayed dead ball shall be called. For example, the catcher is not allowed to block home plate without the ball. [Rule 7.06(b) Note 2]
